*'Where educational innovation knows no boundaries'*

Please inquire at the Huffman Prairie Visitor Center for regional tour information.

# VIRTUAL LEARNING COMMUNITIES

## Zone A

## Zone B

## Zone C

**PROOF-OF-CONCEPT "SKUNK WORKS" REGIONS**  
(“Art of the possible” EDTC explorations and applied research for enhancing learning, instruction and discovery)

A community where innovators are imagining the art of the possible with cyberspace education. Explore and see work in progress to design educational technologies for enhancing learning, instruction, and discovery.

**RESOURCE & PUBLIC-PROTOTYPING, TESTING OPERATIONS REGIONS**  
(Repositories and public prototyping and testing operations for scalability and sustainability analysis)

Exploring the art of the possible for enhancing learning, instruction, and discovery via the innovative use of virtual worlds. Community members are eager to assist with questions or ideas. We also welcome your interest in joining with us via membership in the Global Learning Forum community group. Access the membership kiosks throughout Huffman Prairie.

**SIMULATION GAMING FOR EDUCATION REGIONS**  
(Simulation gaming and scenario-based instruction; education program and curriculum focused regions)

The future of learning, instruction, and discovery.
